	\$110.35

The day was very stormy making it necessary to hold the exercises in the Grange Hall.

Each school furnished a number for the program, the band furnishing the music. Supt. Small was the speaker, and in spite of the heavy shower which came just at that time a large crowd was present.

The committee wish to thank all who took part in the exercises, as well as the teachers and the school children who filled the baskets for decorating the graves.

Reveille was played at the cemeteries and the graves decorated as usual.

Frances M. Chase, Norris P. Bartlett, Lester Swinnerton, L. P. Kelley, W. B. Huntress and W. E. Huntress, committee.

TOWN OF CENTER HARBOR

REPORT OF SCHOOL HEALTH WORK

To the Townspeople, School Board, and Superintendent of Schools:

Once again it is a pleasure to report on progress made with school health problems. Another dental clinic was held in Center Harbor and thirty-three children had all necessary dental work done. There were only nine children in town who needed dental work and who did not have it done. This was because there were no permissions from parents, necessary before anything can be done for any child. The dental work was sponsored by the Center Harbor Red Cross and was free to anyone unable to pay the low rate charged. We were unusually fortunate this year in obtaining the services of a very skillful dentist, Dr. Roger Morrison, of Farmington. It is very necessary that dental corrections be followed up year after year to be valuable. The dentist plans a very careful program for each individual child. All of the necessary work cannot be done for a child at once, where there is an unusual amount of work to be done, and only a systematic program of treatment will bring good results. Record cards for each child have been made and the proposed work for the next clinic are noted thereon as well as the work already done.

A Toxoid Clinic was put on again this year. Due to a mixup of dates, several were disappointed in getting the treatment. Most of the Center Harbor children are now safe from diphtheria for life!

There are still about fifteen cases of diseased tonsils to receive attention. We are hoping to get some of these done in the Spring. Clinic rates may be had at the Lac-

TOWN OF CENTER HARBOR

onia Hospital and very satisfactory work is being done there when the children are taken in small groups.

Thru the Federal and State Emergency Relief Act, thirty-nine children in Center Harbor are enjoying milk served in school. This is to help keep the children well during this hard period. Cod Liver Oil is also being given to those who need a tonic and builder this winter. About eighteen bottles have been given out for school children and babies. All agencies are united in an endeavor to keep the health of our children as robust as possible.

The following report will show the work done to the end of the school year in June.

Visits to schools	40
Visits to homes	112
Total visits	152
Days spent	14.6
Pupils examined	73
Defects found	73
Defects found	73-1.0 per pupil
Defects corrected	43-58% of defects
Without defect	44-60% of pupils

It is hoped that the progress of the health work will continue and that next June will find the children in better condition to grow and develop normally with nothing neglected that can possibly retard their best development!
